91.6%

High School

Jawahar Navodaya Vidyalaya

04/2013 - 03/2014

9.6 Cgpa

PROJECTS

Data Stage to Informatica Migration

- Enviroment: Informatica Power Center 10.4, Data Stage 11.7, SQL, Oracle, Key pas
- Analyzed datastage jobs and created mapping in Informatica accordingly using required transformation. Created ETL testing documents for end-to-end testing.

ChillFlix (Netflix-clone)

- A multi-page website build by React.js to surf latest movie trailer trending theses days based on different categories.
- It also includes full authentication pages where you can sign-in and create account using firebase.

Countries API (JavaScript)

- Users can search country by input fields or find countries with regions and click on any country to get the information about it.
- Users can also toggle between dark and light themes.

Forkify App (JavaScript)

- This app is all about loading a recipe from API and rendering recipe on user interface.
- The main objective of this project is to use Modern ES6+ like arrow functions, destructuring, spread operator, optional chaining and use OPPS concept (Classes, constructors, prototypal inheritance, encapsulation, etc) for cleaner code.

Omnifood (Html and CSS)

- *Omnifood* is a premium food delivery service with the mission to bring affordable and healthy meals to as many people as possible.
- The main focus of this project is to use Modern CSS including flexbox and CSS Grid for layout for responsive (desktop and mobile) app.

Natours (Advanced css and sass)

- Natours is a beautiful website for travel lovers. It gives different choices to travel like sea explorer, mountain hiker, snow adventure.
- Flexbox, Css grid, sass and cool animations are used to make this site more creative and responsive.

SKILLS

React.js

Css/Sass

JavaScript

Html

Informatica Power center

ACHIEVEMENTS

Silver medal in Analog Electronics Circuit

NPTEL course (IIT MADRAS)

ORGANIZATIONS

Cognizant (06/2021 - Present)

Programmer Analyst Trainee

CERTIFICATES & VOLUNTEER WORK

Analog Electronic Circuit

NPTEL (BY IIT MADRAS)

Volunteer as mentor in manual bot making event

Conducted by Microelectronics based system and robotics hub

LANGUAGES

Hindi
